**SHIPMENTS**—All shipments will be sent express (F.O.B., Wheaton, Ill.) unless requested otherwise. Nursery stock takes low express rates and is usually delivered within 24 to 48 hours within 300 miles of Chicago. All stock is well packed in burlap or boxes with roots in wet packing. Boxing or packing is charged at actual cost. All shipments travel at the risk and cost of the purchaser. State Certificate of Inspection accompanies all shipments.

**GUARANTEE**—Nursery stock, like fresh fruits, vegetables and meat, is highly perishable. We guarantee all stock to be alive and healthy when you get it, and will gladly prove this on request. There are too many factors beyond our control to guarantee stock to live or grow. Some loss must be expected. We will share any loss the first year (except evergreens)—by replacing stock **once** at half original cost—if notified within the year.

**TERMS**—Send your check or money order in full with your nursery stock order—before March 10th (for Spring orders)—and before September 10th (for Fall orders)—and deduct 10% Pre-season cash discount and also receive free packing and boxing, or send one third (⅓) down payment with order, and balance will be sent C.O.D.

Food planting material is in great demand—avoid shortage! Mail your order now and reserve your plants for spring or fall delivery.
